**COMMUNICATION**

In compliance with the requirement to provide an Interview Summary of a telephone interview with the Examiner and Applicant's undersigned representative, on March 31, 2009. The substance of the interview is as contained in the Interview Summary sheet attached to Paper No. 20090331 dated April 3, 2009. Namely: "Applicant called to ask whether if [sic] they had changed "element" to "mechanism" in the last amendment, whether it would be allowable. The examiner stated that he could not completely reconsider the claim after final but his impression was that it would strengthen applicant's potential arguments but it would be more helpful to add more limitations than that to clarify the differences between the references and the instant invention."
